Company Address: RM Infrastructure Income PLC, 125 London Wall, London, EC2Y 5AS

### Overview

RM Infrastructure Income PLC ("RMII" or the "Company") is a closed-ended investment trust established to invest in a portfolio of secured debt instruments. The Company aims to generate attractive and regular dividends by investing in Loans sourced by RM Funds (the "Investment Manager" or "RM"). The Loans in which the Company invests are predominantly secured against company assets, real estate, plant and machinery and/or income streams such as accounts receivable.

On 20 December 2023, shareholders approved the implementation of the Managed Wind-down of the Company. Accordingly, the Company's investment objective was restated as follows: *"The Company aims to conduct an orderly realisation of the assets of the Company, to be effected in a manner that seeks to achieve a balance between returning cash to Shareholders promptly and maximising value."*

### NAV

The NAV % Total Return for May 2024 was 2.38%, which takes the NAV % Total Return to 3.49% over the past six months, and 4.59% over the past 12 months.

The NAV as at 31<sup>st</sup> May 2024 was 90.15 pence per Ordinary Share, which was 2.10 pence higher than at 30<sup>th</sup> April 2024. This overall gain comprised positive interest income of 0.55 pence per Ordinary Share, net of expenses, and an increase in portfolio valuations of 1.54 pence per Ordinary Share led by discount rate movements.

### Portfolio Activity

As at 31<sup>st</sup> May 2024, the Company's invested portfolio had an aggregate nominal outstanding of circa £96.5 million across 27 investments. The average yield was 11.53%, with a weighted average loan life remaining of circa 1.21 years<sup>10</sup>. Overall, the portfolio is 95% invested in private market assets and 5% in public bonds.

An active month for RM regarding repayments and prepayments, all at par – outlined below:

- Investment Loan ref 98 – circa £0.2m prepayment
- Investment Loan ref 60 – circa £4.7m full repayment
- Investment Loan ref 91 – circa £0.5m full repayment
- Investment Loan ref 87 – circa £0.8m full repayment
- Investment Loan ref 81 – circa £0.1m repayment

Post period end, RM successfully completed the full prepayment at par of investment loan ref 97a & 97b, a c.£6.3m senior secured committed facility. This was the Company's last construction investment loan and the main driver regarding holding committed funds as unrestricted cash. This will therefore release a significant portion of the restricted cash balance, bringing it down to circa £2m versus the previous balance of circa £7m.

Investment Loan ref 96, drew down £220k on its committed facility.

Current cash balance stands at circa £15m of which circa £2m will be retained by the Company largely to fund committed facilities which have yet to be drawn.

The Board is currently forecasting the 1<sup>st</sup> return of capital to occur during H2-2024.

#### Notes

1. The target dividend should not be taken as an indication of the Company's expected future performance or results. The target dividend is a target only and there is no guarantee that it can or will be achieved and should not be seen as an indication of the Company's expected or actual return. Target returns are hypothetical and are neither guarantees nor predictions or projections of future performance. Actual events and conditions may differ materially from the assumptions used to establish the target dividend.
2. Management fee on Net Assets. Fee 0.875% NAV up to £250m, 0.80% NAV above £250m less than £500m and 0.75% of the prevailing NAV above £500m NAV. Investment Manager will purchase a minimum of £10,000 of shares from this fee quarterly.
3. Discount control mechanism no longer applicable given the restated Company's objective of realising assets as per the Shareholders-approved Managed Wind-down.
4. Total Loans includes settled and unsettled investments and excludes commitments entered into which have not yet been funded.
5. NAV total return % is calculated as NAV (cum income) at the end of the period, plus dividends declared during the period, divided by NAV (cum income) calculated on a per share basis at the start of the period.
6. YTD NAV Total Return assumes dividends are reinvested at NAV and includes compounding.
7. YTD Net Interest Income per share is the aggregate of the monthly net interest income per share figures based on the number of Ordinary shares in issue at the end of each respective month which can be diluted over the year by new Ordinary Shares being issued and therefore does not necessarily reflect the year end position for the Ordinary shareholders.
8. Cumulative NAV performance rebased at 100 on Jan 2017 and assumes dividends are reinvested at NAV and includes compounding.
9. Actual capital invested, excludes undrawn commitments, includes investments yet to settle.
10. Based on Investment Manager's maturity profile assessment and excludes repayment ranking priorities regarding leverage.
11. Percentages may not add up to 100% due to rounding.
12. Senior position is inclusive of wholly owned scheme with no debt obligations.
